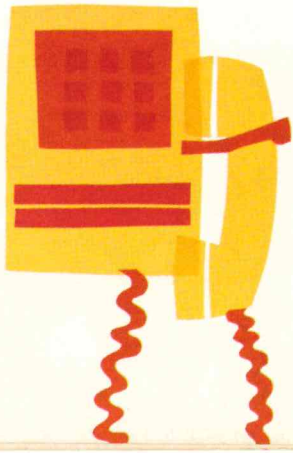
WE'RE MOST ACCOMMODATING!

We've got what any hotel worth its salt has got. In fact, more so! A total of 175 air-conditioned rooms and suites. Beautifully decorated. Some of them are openly opulent!

Our rooms are big. Really big. Super-comfy beds. Chairs meant to be sat in. And boutique bathrooms.

Our rooms are modestly priced. Just because we have colour television in every room, push-button telephones and magnificent views of the Canadian Rockies on the south side, doesn't mean we're expensive. We're not. We can accommodate you and your pocketbook in the nicest possible way.



We've already told you about our pushbutton telephones in every room. Well, they all have extensions. You've guessed it! In the bathroom of course! Doesn't every hotel you've been in have them? No? Oh well, not every hotel is The Carriage House.

WE'RE VERY CONVENTIONAL PEOPLE!

If you're planning a convention, we can cater for, and accommodate, up to 500 delegates. Meeting rooms of all sizes. Executive suites for informal conferences.

And entertaining. A large banquet hall, richly carpeted with dancing area.

We'd love to host your convention. Calgary's a great city for it. And we're close to everything for those wind-down, post convention trips. Get in touch with our Convention Manager. He'll help you make your convention the success you want it to be.

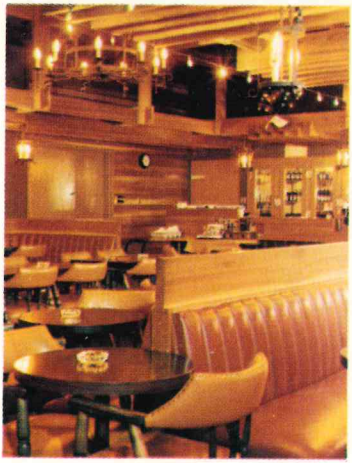
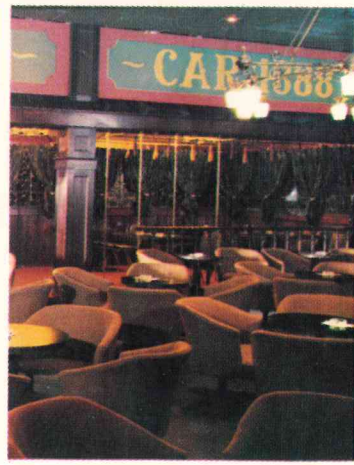
A FEAST OF ENTERTAINMENT!

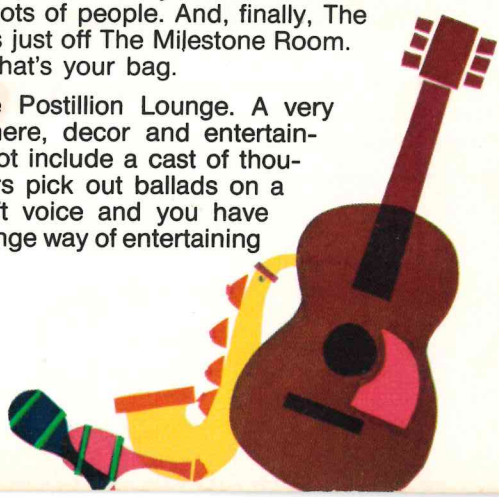
No matter what turns you on, you'll find it at The Carriage House. If cabaret's your thing, then go no further than our Cabaret Room. Terrific entertainment.





The Milestone Room is yet another adventure. A little more upbeat, yet as informal as you want to make it. Lots of room for lots of people. And, finally, The Hub, a large oasis just off The Milestone Room. Bouncy music if that's your bag.

Then there's The Postillion Lounge. A very pleasant atmosphere, decor and entertainment that does not include a cast of thousands. Deft fingers pick out ballads on a guitar. Add a soft voice and you have The Postillion Lounge way of entertaining you.



If we had to describe The Carriage House in one short phrase, we'd have to say "Hospitality combined with affordable luxury".

Everything you could possibly need is here, simply for the asking. An experienced, courteous staff is something of which we are justifiably proud.

We've been in the hotel business for a very long time. And that really counts from your point of view, doesn't it?

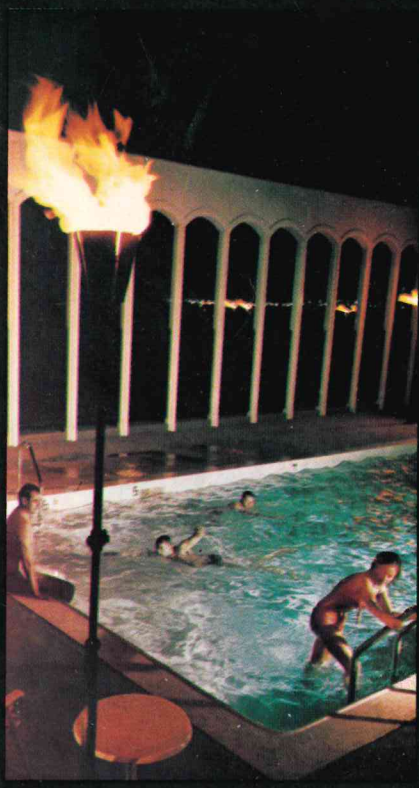
Here's a glimpse of The Penthouse Suites. Beautiful. Superb. Different.

The dense pile of luxurious carpet turns a footstep into a whisper. Brass bedsteads. Daring drapes. Even a fireplace in one suite. Each suite has its own character. And its own individual beauty. Rosewood and burnt orange. Walnut warmth and delicate beige in a period setting. Teak and sun-kissed yellow. And the contemporary style with vibrant colours and exciting furnishings.

Rust coloured velvet corridors and dark rich, vinyl-covered doors complete these Penthouse Suites. Which one would you like?

WINDING DOWN AND WINDING UP!

While jogging down the corridors is a definite no-no at The Carriage House, health buffs need have no fear. A brisk swim in our heated, illuminated pool will refresh you.



A relaxing sauna-soak followed by an exhilarating whirl in the whirlpool, does wonders for body, mind and appetite. It's all here. For your pleasure alone. And if a game of pool seems appropriate, our well-equipped games room is a stone's throw from The Milestone Room. Try it. You'll like it.
